#### Instructor Comments

Loved our work shops days. Excellent instruction and very interactive.

I am ecstatic that I had the opportunity to experience Dr. Randick as a professor this semester. She greatly stimulated my interest in the creative arts and did an excellent job with organizing this hybrid course. I would love to see this professor instruct more creative 3-day workshops focusing on specific mediums at both the undergraduate and graduate level. Students need more courses like this.

She really knew about the different modes of creative arts therapy and offered additional help when asked.

Always encouraged and appreciated individual contribution
