**What did you find most useful in this class? If you were to ensure that something was to stay in the course, what would it be?**

- The text book and voicethreads presentations.
- The VoiceThread, it was different and fun to use.
- The use of new technologies to bridge learning with the students was extremely useful in this online class. The professor used VoiceThread to bridge communication between her and the class as well as between the students and was very helpful in promoting learning.
